WAKE NICODERMUS

SONG AND CHORUS:

Nicodemus, the slave, was of African birth,
And was bought for a bagful of gold;
He was reckoned as part of the salt of the earth,
But he died years ago, very old.

'Twas his last sad request—so we laid him away
In the trunk of an old hollow tree;
“Wake me up!” was his charge, “at the first break of day—
Wake me up for the great Jubilee!”

Four Octave & Five Octave
ONE BANK,
TWO BANKS & PEDAL BASE
Cabinet Organs:
Rosewood, Black Walnut, Oak
AND EBONY.

The leading and best instrument of its kind. So say Gottschalk, Wm. Mason, and more than two hundred of the first musicians of America.—So say thousands of players who are using them in homes, schools, academies, lodges and churches.

A SIGNIFICANT FACT.—The term organ was not used to any extent as the name of these instruments until MASON & HAMLIN made their instruments so celebrated, and obtained the exclusive right to the name "Cabinet Organ" as their trade-mark. Now, Organs with various prefixes are advertised by nearly all the manufacturers of reed instruments. This, it seems to us, is a tacit admission that the CABINET ORGAN is the leading and best instrument of all, and we think it is.

We endeavor always to keep a good stock on hand. They are not low priced, but "the best is the cheapest."

WM. B. BRADBURY'S

PIANOS.

ROOT & CADY, General Agents,

67 Washington Street,CHICAGO.

We would respectfully call the attention of piano buyers to the elegant instruments made by Wm. B. Bradbury, one of the most successful men of the age. They are in the first rank as regards touch, tone and workmanship, and are marked as low in the list of prices as their superior quality will admit. Those who send to us for these instruments, and depend upon our selection, may rely upon being as fairly dealt by as if they were present, and satisfaction will in all

cases be fully guaranteed. There are seventeen different styles of the Bradbury Piano—varying in price from \$225 to \$950. A price list with full description will be sent on application. "After repeated tests of your New Scale Pianoforte, in almost every variety of musical composition and expression, I find that they possess in the highest degree all the essentials of a perfect Pianoforte. The grandness, purity, equality, and direction of tone are combined in a degree rarely to be met with, while the elasticity and perfectness of the action give the most rapid response to the touch."—W.
